

Newsletter – 2nd March 2018

Wednesday 14 March	KS2 & Reception Parents Evening
Thursday 15th March	Year 1 Phonics Meeting
Thursday 22 March	KS1 Parents Evening

Well, it has been a strange start to this half term due to the INSET day Monday and the bad weather. It is never an easy decision to make to close a school and one which isn't taken lightly. Unfortunately we have had to postpone some things that we had planned i.e., Y6 visit to Trent Bridge, the mobile planetarium for Reception, Y5 and Y6 but we will try our very best to try and rearrange if at all possible.

INSET Day

Part of our INSET day on Monday was based on '**challenge for all children in Maths**' and this was delivered by Jane Gill, an external Maths Consultant. We also looked at Mathletics our online Maths programme which is accessible from home. Letters will go out next week explaining more about Mathletics with children's log in details.

Mothers Day Gifts

We will once again be selling Mothers Day gifts. Gifts will be on sale after lunch on the following days for the following classes. This is always very popular with the children, so if you would like to receive a lovely gift chosen by your child – please send between £1 - £4 in an envelope.

Nursery & Reception – Tuesday 6th March

Year 1 & 2 & 3 – Thursday 8th March

Year 4, 5 & 6 – Friday 9th March

Parents Evening

Letters for appointments for Reception and KS2 will go out Monday

Y1 Phonics Meeting

Children in Y1 undertake a phonics screening check in June. Mrs Howarth will hold a meeting about phonics, how we teach it, how we screen the children and offer some useful tips to support your child at home. This will take place on 15th March.

Playground

We have had 3 different companies come in and look at developing our playground with additional trim trails and playground markings. It is very exciting. The next step is to share the ideas with the children before making a final decision and getting the works planned in. I will keep you posted on this.
