

KS1 Weekly Update

Maths Focus:

This week we have been subtracting using a number line. We begin subtracting by counting back in ones and are moving on to making a big jump to 10 first and then counting back the rest in jumps of one. Ask your child how big a jump to 10 if you start with 16, 18, 15 etc

English Focus:

This week we are learning to use because in a sentence. The weather in Story Village has been very hot! The Beast's roses are wilting. The children are busy writing a report about them as gardening experts.

Spelling focus: This week we are continuing to practise our tricky words. Your child recently brought home a bookmark with the words that they are focusing on.

Additional information:

In art we have been looking at the work of Kandinsky.
