

KS2 Weekly Update – Year 5

Maths Focus:

This week we will be beginning our work on multiplication. We will revisit calculations such as: $367 \times 4 =$ $7625 \times 64 =$

We will also be learning about factors and multiples.

English Focus:

This week we will continue to read the story 'Around the World in 80 Days'. Our writing task will be to write a post card linked to the story.

We will be practising using subordinating conjunctions such as because, when, whenever, wherever, until, before etc.

Spelling focus: adding the suffix 'ness' e.g. happy – happiness

Additional information: Later in the term, we will be tasting food from around the world. We are looking for any easy recipes that represent the culture of our class. If you have any ideas, please let us know.

KS2 Weekly Update – Year 5

5/2/18

Maths Focus:

This week we will be beginning our work on prime numbers. Children need to know prime numbers to 19, and find prime numbers to 100.

English Focus:

This week we will finish our newspaper reports from last week. We will also be investigating head lice and writing a poster about getting rid of them.

Spelling focus: continue work on homophones

Additional information:

After a nasty bug last week in Year 5, it is great to see everybody has recovered over the weekend.

This is the final week of swimming.
